

Here Is What to Expect From Feeding Bruning Grain's OptiPro Extruded/Expelled Soybean Meal to Lactating Cows

Below are the results of a feeding trial conducted by Utah State University. Various soybean meal products were compared to see their influence on yield response of cows.

Criteria	Soy Protein Source			
	Solvent Extracted Soybean Meal	SoyPlus	Soy Best	OptiPro
RUP (By-Pass) as % of crude protein	30	50	58	52
DMI (Lbs/Cow/Day)	55	55	55	54
Protein Source Intake (Lbs/Cow/Day)	5.06	4.95	4.95	4.86
Milk Yield (Lbs/Cow/Day)	77	80	80	87
3.5% FCM (Lbs/Cow/Day)	75	75	75	77
FCM/DMI	1.37	1.36	1.36	1.41
